REPORT OF THE BARRINGTON PUBLIC LIBRARY
1973

This past year has seen the library taking the big step of moving from its small quarters in the school to the new and larger quarters in the Community Building. Many thanks go to those who pitched in and helped move all the books and equipment. Thanks also go to the furnishings committee for their fine job. The library now has professional looking furniture and shelves.

However, having larger quarters and a catalog file does not mean that the file can be immediately filled. Before a book ever gets on the shelf quite a bit of time is spent in processing it.

First, unless the book is donated, time is spent in choosing it (during the year we make notations of books that need updating, books that seem interesting, etc.) but it still takes more time to make the final choice for purchases. Next comes filling out the order forms (alphabetically by publishers) and the slips to the state library for those books they will catalog for us (any books printed in the current year as well as the year preceding). When the books do start to come in each must be stamped; given an accension number, have a book pocket, a book card and a plastic jacket; its dewey decimal number or fiction designation put on the binding; a shelf list card, author, title, and subject cards made (if not provided by the state). Then the book is put on the shelf in its proper place, the shelf list card in its place and the catalog cards filed.

It might help to explain what a shelf list card really is. These cards are in their own separate file for the librarian's use only. These cards are filed in the exact order a book appears on the shelf thus making it easier to take an inventory and to know when books are missing.

The library was not cataloged when we started working here. We have been striving since to do so, but it is extremely difficult to catch up with back cataloging when books are coming and going all the time. Fortunately for the library, Mr. Clough, the school principal understood this so we did not open for the school until the last week in September. This allowed us precious uninterrupted time to work on the shelf list for the children's books. Because most of these books already had catalog cards it meant catching up with those that had never

been done. We can now say that thanks to this time given us the children's area is completely cataloged and properly filed.

We now have the shelf list cards completed on almost all adult non-fiction, their Dewey decimal number on their bindings and their catalog cards filed.

We never closed down after our move from the school to new quarters and for awhile things were quite hectic.

With the closing of school, the library association decided we should be open more hours plus having a children's story hour on Wednesday afternoons. This was very successful and Mrs. Dorothy Berry who organized it is to be greatly thanked.

The summer hours were Monday evenings 7-9, Wednesday 2-4 and 7-9, and Friday 2-4. Since the librarians were unable to be there Fridays due to summertime family commitments, Mrs. Louise Williams, library association president took over.

The school board voted to pay a school librarian for 16 hours a week. After checking with the needs and desires of the teachers it was decided to have the classes come as usual on Wednesdays, a whole class at a time with the first graders waiting until they were reading. This kind of schedule definitely takes two people, one checking in books and one checking out books and both librarians trying to help the children with their various requests. In the minutes between classes the books must be properly put away. Thus Mrs. Brooks is there for the school for 4 hours from 8:30 to 12:30. Mrs. Andrade stays alone the remaining school day. Only one class comes over while she is alone so it can be handled fairly easily.

Friday, it was decided, the library would be open from 8:30 to 2:30 for the children with Mrs. Andrade being present. This then accounts for the total of 16 hours for the librarians. Friday is primarily a system of passes for the older children with one exception. There always seemed to be a time bind for one of the 4th grade classes under the old schedule because of lunch period, so that class comes over Friday mornings at nine. (Since there is no real rush, the teacher has a story hour while the books are being checked in and then the children pick out their books.)

The older youngsters come on passes for reference work on school project. This is when we find how inadequate the reference section really is.

In October the librarians were able to take over the Friday afternoon hours. Shortly after this time a special library meeting was held when it was decided to have library hours on Sundays from 2-4 with Mrs. Williams presiding. The other newly established library hours were to be continued. The only added note is that the library is not open holidays.

1973 saw 254 books added to the collection with about 75 of these donations. Adult and children circulation was 14,169. The N.H. State Bookmobile made 3 visits. We borrowed a total of 2207 books from it. We have discarded over a hundred books and are still weeding in our adult section. As soon as there are shelf lists for all books we will be able to give a more accurate figure on discards. We have a small wooden bookcase where discarded books are for sale.

It would be difficult to name everyone who has helped this past year in so

many different ways. We hope that everyone will now accept our heartfelt thanks.

Respectfully submitted,
Ann K - V Brooks
Phyllis C. Andrade

REPORT OF THE TOWN LIBRARY TRUSTEE

The year 1973 was an outstanding one for the Barrington Public Library because it was moved into its quarters in the new town building, and a new interest in its welfare seemed to be thereby generated.

The opening of the library room was observed by an open house week which was climaxed by the gift of a slide program by Robert Kruszyna, an outstanding speaker on the Canadian mountains. For this occasion, a poster contest for the Barrington Grade School children was sponsored. Ninety-five children responded, and the library and the adjoining halls displayed excellent posters of which we were all justly proud.

Mention should be made of many gifts received including six chairs, the desk chair and mat, a table, a stool, a display board, several boxes of books, and magazine subscriptions. A sizeable donation from the Ayers Lake Association was applied to the purchase of back stops for the shelving. A *Random House Dictionary* was purchased with the gift of book dividends by a member.

With the cooperation of the Barrington Historical Society, we are building a good reference shelf of historical books of this area.

Library hours have been increased with the assistance of volunteer librarians. I believe, we are the only public library in the State to observe Sunday hours. We are still not meeting all State standards for libraries in our category, but are improving. We are hoping to attract Junior High and High School students for research and reading, with our expanded hours; however, we are badly in need of an up-to-date encyclopedia and World Book reference books for this.

In October, we were hosts to the meeting of the District Council of Libraries, and much interest in our new quarters and equipment was displayed.

A successful series of story hours for children was held in the summer with volunteer readers in charge. This program was so well received that we hope to repeat it in the summer of 1974.

In an effort to avoid duplication of effort, books, and equipment, we are carrying on a "pool" program with the school whereby the library is open for school children at stated times, and the expense is shared by the school department.

Respectfully submitted,
Dorothy B. Berry,
Town Trustee

REPORT OF THE BUILDING INSPECTOR FOR 1973

The year 1973 proved to be a rather busy year for the Building Inspector as you can easily see by the increase in estimated cost of construction. Many hours of my time and many miles have been spent in covering the town, inspecting both construction and violations, the latter of which was at a minimum.

I would estimate that 75% or more of my business is done at home, as I have office hours only 1 night a week at the Town Hall, Wed. 7 to 10 P.M. It is much more convenient to do business at my home with persons desiring permits or information on any matter dealing with same.

In taking care of my inspecting duties I find that it takes a minimum of 10 hours to cover all parts of the town and to keep up on the business at hand. This should be done at least once every 30 days.

My rate of pay is $1.50 per permit and $2.00 per inspection. There is no reimbursement for mileage and it is quite possible to travel 20 miles plus, making one inspection. Without the help of my very considerate wife I feel that it would be impossible for me to do all the work that is involved in properly taking care of the duties of this office.

You will note by the substantial increase in estimated cost of construction that the town is growing rather rapidly. With the ordinance that we now have there is very little if any control as to what we can do about the growth of the town. I note that surrounding towns are trying to control their growth with ordinances pertaining to size lots and limiting new construction to keep it to a bare minimum. I believe these towns have adopted Master Plans which by law, and in proven court cases, allow them to limit the growth of the town.

Until the town can adopt a Master Plan there is very little that can be done to control the growth of the town. To properly draft and adopt such a plan would require a minimum of 3 years research by our Planning Board and professional advisors.

I believe that the Selectmen and the Planning Board are doing a lot of work to see that this is brought before the people of Barrington as soon as possible. Until then we will continue to become a bedroom town for surrounding communities.

I would like to express my appreciation to all town officers who have assisted me in my duties this year and for the cooperation of the townspeople, both resident and non-resident.

Respectfully submitted,
Earl W. Colby,
Building Inspector

ANNUAL REPORT OF THE HEALTH OFFICER

January 1, 1973 to December 31, 1973

This year I was called upon early and often to investigate health problems in the Town of Barrington.

Most of the problems were handled to the satisfaction and State of N.H. requirements, of all concerned. There are certain areas where I have not been able to solve the problems that exist. In these areas I will be working closely with the State of New Hampshire in hopes of solving these trouble spots.

I would like to thank the officials and citizens of the Town of Barrington, for their help in the performance of my duty.

Salvatore Farina
Health Officer

REPORT OF THE RURAL DISTRICT HEALTH COUNCIL

January 1, 1973 to December 31, 1973

The Rural District Health Council became of age during the past year. The organization has separated from the Portsmouth Rehabilitation Center and is now an independent certified Home Health agency supplying comprehensive health services to its member towns. In March, the towns of Farmington and Milton voted to join the Rural District Health Council, so the number of people covered by the organization was expanded to 14,257. The Board of Directors voted to move the office from Portsmouth to Farmington and this was accomplished on April 15, 1973.

As a result of expansion and relocation, our staff has grown to six nurses, a physical therapist and a secretary-bookkeeper. The staff nurses employed by the agency include Mrs. Cynthia Blood, Agency Supervisor; Miss Arlene Thorne, who has worked faithfully and tirelessly since the program was initiated; Mrs. Ardala Houle, who is now coordinating patient referrals in the area hospitals and nursing homes, and also coordinates the Well Child Clinics; Mrs. Barbara Drew, who is well-known in Farmington where she has been the visiting nurse for many years; Mrs. Myrtle Walsh of Milton, who has been active in Nursing in the area and joined the staff on May 1st; and Mrs. Lucy Myers of Deerfield, a newcomer to the area who has had previous visiting nurse experience. Mrs. Kathleen Hansen, a registered physical therapist, has a fine varied background in her field, Mrs. Norma Davis is a very capable secretary-bookkeeper who handles much of the office detail.

The value of home care becomes increasingly evident as indicated by the size of the morbidity case load. Three Well Child Clinics are held monthly with several extra clinics scheduled throughout the year. These are sponsored by the Council in cooperation with the N.H. State Department of Public Health. An addition to the clinic program this year was a Dental clinic for children from 3 to 6 years who were enrolled in the Well Child clinics. This was possible through the cooperation of the N.H. Bureau of Dental Public Health, Division of Public Health. A total of 227 children participated in this program.

The Strafford County Prenatal and Family Planning Clinic has expanded its area of coverage and the Rural District Health Council works very closely with this group making home visits to all of the patients from the area enrolled in the clinic. The Council is also involved with the Exeter Area Family Planning Clinic.

The Seacoast Regional Counseling Center in Portsmouth has developed an Aftercare Program for Rockingham County to do follow-up for patients being seen at the Center and also patients being discharged from the N. H. State Hospital. The Rural District Health Council provides the nursing care for patients being treated from member towns. The Strafford Guidance Center is currently planning a similar program for Strafford County and the Council is represented on the planning committee for this service.

The Council is represented on a steering committee planning for Homemaker-Home Health Aide services for Strafford County. It is hoped this much

needed service will be available in the coming year.

The Rural District Health Council worked in cooperation with the Milton Community Health Service in providing Tuberculosis screening, Hearing and Vision screening, and Diabetic screening, which were well received by area people.

The Rural District Health Council has been supported by the funds contributed by the member towns at an annual rate of $1.00 per capita, state grants and fees for service. Any one interested in the program or needing service is asked to contact the office in Farmington, P.O. Box 563, 6 South Main Street, Telephone 755-2989.

BARRINGTON HISTORICAL SOCIETY

The Society, though still in its infancy, has a membership of 140. Meetings are held the first Wednesday of the month at the Town Building. Speakers have given many interesting programs, but even more important to the town are efforts to collect and make safe town history from the beginning date of 1722. A survey is being made of all cemeteries in the town with an index of names found on the stones. Emphasis is being placed on finding and marking graves of Revolutionary War soldiers as the Society's contribution to the Country's Bicentennial Celebration. The Society has been asked by the Selectmen to coordinate plans of other groups in the town in their efforts toward this Bicentennial Celebration.

Officers are -- Louise Williams, President; 1st Vice Pres., Lendell Caverly, Jr.; 2nd Vice Pres., Geraldine Baxter; Recording Secretary, Janet Varney; Corresponding Secretary, Faith Wallace; Treasurer, Pauline Swain; Directors, Margaret Beal, Mary Emhardt, Ralph Boodey; Cemetery Committee, Philip Boodey; Bicentennial Committee, Ralph Boodey; Program Committee, Robert Varney; Publicity, Dorothy Arlin.

REPORT of the FOREST FIRE WARDEN & DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need, with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

THE LAKES REGION ASSOCIATION

WHAT IT DOES FOR YOUR TOWN AND YOU

As the Lakes Region Association enters its thirty-eighth year of service to the thirty-nine towns and three cities it represents, we face the annual task of appeal to our communities for support of their association. Regional cooperation in economic development as practised by the Regional Associations in New Hampshire, was once most unique, but now several other states have watched the fruits of our efforts and have adopted a similar program for their state. We present herewith our request for your consideration in the preparation of your town's 1974 Budget.

The Lakes Region Association becomes the catalist in coordinating action between the state agencies and the local communities, so that the greatest benefits from research, planning, development and promotion can all be realized in our Region.

Never before has the need been greater to combine funds to get the greatest return for all. Through the Region program your community finds its spokesman to the interested visitor who wishes more information on our Region.

Our office services approximately ten thousand letters each year on this Region. Most of our small towns do not have chambers of commerce, and we willingly handle all letters passed on to us by local Selectmen's offices.

Please do not confuse the efforts of our Association with the Regional Planning Commisssion. Our efforts do not over-lap, for there are many areas that are in their province and many that they do not cover, that we carry the ball on.

The Lakes Region Association is vitally concerned with every aspect of regional development, concentrating on those problems which are likely to affect the orderly growth and development of one or more of our municipalities. The Regional Association is acutely conscious of the necessity to preserve the unspoiled beauty of our towns and protect the amenities of life for which our Region is justly proud.

By your town's proportionate share towards the operation of our office, you have an agent that is working, year round for your needs. Involved in the Region's interest on all points from natural resources, highways, community planning, historical sights, as well as publicity and promotion.

You will note that the formula, set long ago, is still 1/100th of 1% of each town's assessed valuation. Today for those towns that have been revalued, we use a formula of 1/2,000th of 1%, which brings it to a more fair figure for each town. However, in either case this is a small amount for each town's share.

We hope your town will vote favorably upon this article.

ANNUAL SCHOOL MEETING - March 5, 1973

The annual School Meeting of the Town of Barrington, held at the Town Hall, was called to order at 8:05 P.M. by Moderator, William Wallace. After reading the warrant the following articles were acted upon:

ARTICLE 1. On a motion made by D. Haley we voted to by-pass this article and return to it later.

ARTICLE 2. Because the Treasurer's report was inadvertently omitted from the Town Report the motion was made to accept the reports as printed in the Annual Town Report. Motion: F. Timm. Passed. This motion however, didn't cover the reports that were omitted so further motions were made.

Motion: Moved we accept the Treasurer's and Auditor's report as read by the school board. Motion: F. Timm. Amended: The School Board furnish as many copies of the Treasurer's report as are required, with the Auditor's certification and Auditor's certification of the Bookkeeper's signature. Motion: P. Newhall. The amendment was voted on first and passed. The original motion was then voted on and passed.

ARTICLE 3. Motion was made and passed that the School Board be impowered to choose any agents and committees in relation to any other subject not embraced in Article 9. Motion: G. Musler.

ARTICLE 4. Motion made to by-pass Article 4 and take it up after we have acted on Articles 5 through 12. (The only amount of money included in this Article that is duplicated in Article 5 - 12 is the tuition for St. Thomas Aquinas as the students are budgeted as if they are going to the AREA school in Rochester.) A show of hands was asked for. 69 yes, 30 no. Passed. Motion: D. Haley.

ARTICLE 5. Motion: After due and deliberate consideration I move that articles 5 through 12 be voted on by secret ballot. Motion carried. Motion: G. Musler.

After much discussion on articles 5 and 6 a motion was made by E. Caswell to limit discussion on articles 7 through 12 to 10 minutes each. Motion defeated by a show of hands. 21 yes, 54 no.

The meeting closed at 10:50 P.M. so that the polls could open for the secret voting. Polls opened at 11:00 P.M. Closed at 11:20 P.M. Meeting recalled at 11:35 P.M. While waiting for the ballots to be counted we returned to article 4.

ARTICLE 4. Motion made to adopt article 4 -- to raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, the amount stated in the budget. Motion: P. Newhall. The motion was carried with 66 yes, 5 no.

ARTICLE 1. It was voted to set the salaries of truant officer, school board and any other officers and agents of the district as stated in the budget. Motion: R. Burrows.

ARTICLE 13. Mr. Haley asked for a round of applause for the budget committee as they were a great help to the school board in planning the budget.

At this time the results of the secret balloting were given as follows:

Article 5	yes	74	no	35	passed
Article 6	yes	48	no	60	defeated
Article 7	yes	7	no	102	defeated
Article 8	yes	101	no	6	passed
Article 9	yes	93	no	15	passed
Article 10	yes	91	no	15	passed
Article 11	yes	73	no	35	passed
Article 12	yes	77	no	30	passed

Moved that the committee voted on in article 9 be appointed by the Moderator. Motion: E. Young - passed.

Motion made and carried to have the study committee voted in article 9 report back to the district by June 4, 1973, so any request can be acted upon while the legislature is still in session. Motion: R. Burrows.

The committee named, consists of Frederick Timms, W. Richard Burrows, and Justin Loring.

Meeting adjourned at 12:35 A.M. Motion: E. Caswell.

Respectfully submitted

SPECIAL SCHOOL MEETING

June 4, 1973

The special School Meeting, held at the Town Hall was called to order at 8:00 P.M. by Moderator William Wallace. After reading of the warrant by the Moderator the following articles were acted upon.

ARTICLE 1. The preliminary report of the School Study Committee was given. Members presenting the report were, Chairman, Frederick Timm, Richard Burrows and Justin Loring. After much discussion and many questions,the motion was made and seconded that the report of the special committee be accepted as written. Motion: M. Timm. Passed

ARTICLE 2. Moved that the Barrington School District recommend, Barrington total withdrawal from the AREA agreement, and authorize the School Board to negotiate with the Rochester School Board for a 10 year tuition contract for grades 9 through 12, and the return of the 7th and 8th grades in 1975. Motion: P. Newhall. (This question was discussed for about 2 hours with many points being brought forth.)

Vote was taken by a show of hands -- Yes 62, No 30. Passed.

ARTICLE 3. It was moved that the Barrington School District authorize the formation of a building committee made up of the school board members and 3 registered voters appointed by the Moderator to report back at a future Special District Meeting. Motion: J. Loring - Passed. Also the motion was made that the district direct the building committee to also act as a site committee and a curriculum committee. Motion: J. Loring. Passed.

ARTICLE 4. Named to the building committee were the following: Richard Burrows, Justin Loring, Gerard Cossette, School Board Members and Barry Clough, Principal as an advisor to the committee.

ARTICLE 5. A special meeting of the Barrington School District, will be held the 29th of Oct. 1973 to have a final vote on withdrawing from the AREA school plan, with a public hearing to be held a week before the meeting.

Moved and seconded the meeting adjourn. Motion: G. Musler. Time: 10:40 P.M.

SPECIAL SCHOOL MEETING

Barrington, N.H.
October 29, 1973

At a legal meeting of the inhabitants of the School District in the town of Barrington in the County of Strafford in said State, the following action was taken on the School Warrant on Monday, the 29th day of October, 1973.

The meeting was called to order at 9:30 a.m. by Moderator William Wallace. After reading the warrant, the following action was taken.

ARTICLE 1. To see if the District will vote to withdraw grades seven through twelve, (Grades 7 through 12), from the Rochester regional enrollment plan (AREA,Plan) as authorized by Chapter 514 of the 1973 session laws. By Ballot.

Patricia Newhall moved that the polls remain open at least 8 hours, or until 7:00 p.m. this evening, whichever comes later. Motion carried.

Motion was made by Patricia Newhall that the meeting be recessed until 8:00 p.m. Monday evening October 29, 1973. Motion carried.

The meeting was re-opened at 8:00 p.m. After reading of the warrant by the Moderator, the results of the voting were given.

275 votes cast
140 yes
135 no Motion carried.

ARTICLE 2. If article 1 is adopted, to see if the District will vote to provide facilities for those Barrington students returning to Barrington in 1975.

Moved that the District select a building committee composed of the school board and 3 voters to prepare proposals for a building to house grades 5 through 8 on a suitable site. Motion: P. Newhall. A show of hands was called for, and the motion passed.

ARTICLE 3. To choose agents and committees in relation to any subject embraced in this warrant.

Motion was made to have the 3 members of the existing building committee, selected at the June meeting, be reappointed, along with the school board to make up the committee for Article 2. Motion: E. Sharon. Those members are Justin Loring, Richard Burrows and Gerard Cossette.

ARTICLE 4. To transact any other business which may legally come before this meeting.

Amended motion was made to have the committee made up of 6 voters and the school board instead of 3. Motion: A. Stone. Passed.

Nominated as the additional members were the following: Janet Ramsdell, George Calef, and J. Paul Richard. Moved nominations cease: N. Arlin. Carried.

Moved the clerk be empowered to cast one ballot for each nominee. Motion: W Lovell. Passed.

Because Mr. Richard is unable to attend meetings on the evening selected, he had to resign and Leroy Chretian was selected to serve in his place.

It was recommended by G. Pinzari that the committee choose their own chairman.

Meeting adjourned at 8:50 p.m. Motion: N. Arlin.

REPORT OF THE SUPERINTENDENT OF SCHOOLS & ASSISTANT SUPERINTENDENT

To the School Board and Citizens of the Barrington School District:

In September of 1973, the Barrington Grade School was organized as is indicated below:

Grade	Teachers
1	Mrs. Jenneke M. Finlay, Mrs. Ethel Mazza, Mrs. Jessie O'Neill*
2	Mrs. Sally Comisky, Mrs. Frances Cram
3	Miss Catherine Harmon, Mrs. Jane Weiland
4	Miss Lawrice Johnson, Mrs. Sandra Mann
5	Miss Carolyn Marpes, Mrs. Sarah Huckins
6	Mr. John Davison, Jr., Mr. Carl Clarke II
Principal	Mr. Barry Clough

	Other Staff Members
School Nurse	Mrs. June Colby, R.N.
Teacher Aides	Mrs. Esther Drew, Mrs. Marjorie Mielke
Volunteer	Mrs. Nancy Anderson
Library Aides	Mrs. Phyllis Andrade, Mrs. Ann Brooks
Custodian	Mr. Calvin Swain
Lunch Manager	Mrs. Lorraine Cossette
Lunch Workers	Mrs. Ruth Wormell, Mrs. Sarah Brown, Mrs. Gail Radloff
Joint Title 1/ Special Education Project **	Miss Charlene Davis, Mrs. Ann Grabowski, Learning Disabilities Mrs. Margaret Demers, Speech Clinician

*Mrs. O'Neill joined the staff when the increased enrollment in Grade 1 made the teacher/pupil ratio unwieldly in this grade with only two teachers. The Elementary School Minimum Standards prescribe a ratio of 25 pupils to 1 teacher.

**The Elementary and Secondary Education Act Joint Project includes the school districts of Barrington, Nottingham, Strafford and Northwood. Mr. Clough is the project director and works with a committee of citizens and board members from the four districts in establishing policy for the project.

In September of 1973, the Barrington Grade School enrolled 341 pupils, an increase of 23 pupils over the recorded enrollment of September, 1972 . The

enrollments by grades as of September 20, 1973, are shown below.

Grade	1	2	3	4	5	6	Total
Number Enrolled	99*	46	70	52	44	63	341

Barrington pupils attending schools in other districts at the expense of the Barrington School District were as follows:

School Attended	7	8	9	10	11	12	Total	Tuition
Rochester Junior High	57	54					111	$537.88
Spaulding High School			32	36	40	33	141	604.99
Dover High School			1	1	6	1	9	995.00*
	57	54	33	37	46	34	261	

* Barrington pays the same amount for these pupils as it would to Rochester while it remains a member of the AREA School Agreement. These pupils are enrolled in the AREA Vocational School at Dover.

In addition, the District maintains one pupil enrolled at the Great Bay School and Training Center in Newington at a cost of $950.00 for tuition, and one child at the Garrison School in Dover.

The major problem with which the Barrington School District is confronted at the present time is growth. The district's rate of enrollment increase is 7% and has been at least that for several years. With the present enrollment, this means enough children are added to the rolls of the elementary school yearly to fill one classroom. The present building is at capacity. This results in a space problem and a staffing problem, each of which contributes to the financial problems of the district. Each problem contributes to the other problems and there is no quick and easy solution.

Growth and the resultant need of additional space, staff, and financing are the subject of studies being made by local committees. As a result of one study, the district has voted to withdraw from the AREA School Plan, return the pupils in grades seven and eight to Barrington by 1975, and to establish a long term tuition contract with Rochester. This has resulted in the establishment of a building committee composed of the school board members and several taxpayers. This committee has been working hard to suggest some solutions to the space needs of the district. Hopefully, a decision will be made at the annual meeting which will alleviate the problem, for the near future, at least.

Another matter of importance to the voters of the district is the possible effect of recent legislation on the operations of the district. To this end, a brief review of new laws and changes which are of significance is presented.

Legislation having to do with handicapped children. The school district has been made responsible for the education of handicapped children from the time of birth until these children reach the age of twenty-one. Previously, it was

responsible only after the child reached age five. The tuition liability for these children is limited to the state average cost, although current advice indicates that the district may pay more should it wish to do so. Districts are liable for transportation when a handicapped child reaches age four. Since handicapped children are learning disabled to a greater or less degree, the statutes now permit the employment by districts of learning disabilities teachers, the certification requirements of these teachers having been established by the State Board of Education. Another handicap which has been much in the news is that of children with kidney disease. A law has been passed to make the state responsible for the payment for the care and treatment of children with end stage kidney disease.

Legislation which has an effect on school finances in general. A number of districts in the state have reconsidered rejected bond issues immediately upon their defeat. This is no longer possible because at least seven days must lapse before a vote of reconsideration may be taken, and notice of the reconsideration must be published in a newspaper at least two days before the new vote. Each school, if it does not already, must make a lunch or breakfast available for pupils. No waiver beyond September 30, 1979 will be granted. This could cost money for equipment or facilities, as well as labor. Even though the dual enrollment program has been pretty well defeated by court actions, the child benefit program has not been ruled out, and a number of new benefits, such as driver education programs, educational television, lunch programs, have been made eligible. In order to place the sweepstakes program on a fiscal year, rather than a calendar year basis, sweepstakes benefits will be paid in September, instead of December. The first year of this operation will reduce the payment by one third, as a result as only eight months, not twelve,will have elapsed. If a foster child is placed by a state agency in a district other than the child's original home, the new district will receive a sum of money, presently $200.00, toward payment for the child's education. When students attend a vocational program in an AREA vocational high school, such as Dover Vocational, which is not the usual high school for the district, districts which do not maintain high schools will be responsible for tuition up to the amount the high school of regular attendance, or the state average cost, whichever is higher. In the past, districts which tuitioned high school students to other districts have been responsible for tuition only up to the state average cost. Under the new law, districts must be responsible for whatever the receiving public high school charges, unless there is a contract calling for a different payment. The state average for high schools this year is $931.00, but some high schools in the state charge as much as $1,200.00 for tuition, the difference being the responsibility of the parents.

Additional programs which the schools must provide. The legislature added two more programs which school districts must include in the school curriculum. One is a mandate to provide instruction in the venereal diseases, which have become epidemic in New Hampshire, and the other is to provide instruction in nutrition education to be incorporated in the regular course of instruction.

Legislation effecting the operations of school boards and districts. Under the "right to know" law, any official who refuses a citizen access to a public document is personally liable for attorney's fees if a court order supports the citizen. School districts may adopt the absentee ballot when the Australian ballot is in use in that district, but if adopted, candidates must file at least thirty days before the election. This requires an article in the warrant. Immunity from civil suit has been granted to school board members for action taken in a legal school board meeting. A school district may vote at a district meeting to indemnify any official employed by it while acting in his/her official capacity for loss or damages resulting to them personally. The District shall indemnify its employees and officers acting in their official capacities when a suit involving civil rights is involved. The district may purchase insurance to cover its expenses in the actions mentioned above. There must be a warrant article to cover this expense if the district decides to purchase insurance.

There were, of course, other actions taken by the legislature, some of which effect all districts, and some of which effected particular districts, but, it appears that those of general interest have been summarized above.

In closing, we would like to express our appreciation for the cooperation we have received from the citizens, the school board members, the pupils, and the staff.

Respectfully submitted,

CHARLES H. MORGAN
Superintendent of Schools

PRINCIPAL'S REPORT

To the Citizens of Barrington:

This past year has been one of much activity at the Barrington School as the faculty has placed emphasis on consolidating and refining various areas of the curriculum such as Science, Mathematics and Physical Education. In conjunction with these efforts, the faculty has spent much time coordinating their classroom activities with the new Learning Disabilities Project personnel.

In June of 1973, the Title I Advisory Committee composed of parents, School Board members, and administrators from the towns of Barrington, Northwood, Nottingham, and Strafford received approval from the Title I ESEA office and the State Department of Education, Special Education Division, for a cooperative four-town project designed to assist children who were either experiencing difficulty in learning or who would experience such difficulties unless preventative steps were taken. The project has provided much more assistance to our children than I had originally anticipated. We have the services of a Learning Disabilities teacher four days per week, and those of a Speech Clinician for one and one half days a week. In addition, the Advisory Committee, at its January 31 meeting, approved the creation of a special Education position which will provide both the project and our school with services previously unavailable. As this project is in its first year, there are many areas which can be improved upon of which the advisory committee is well aware. In this regard, a project evaluation will be conducted shortly. We are hopeful that the recommendations from this evaluation will assist us in accomplishing the necessary improvements. At this point, I would like to thank Mrs. John Cook and Mrs. Ralph Barker for their conscientious efforts and contributions to the project as members of the four-town Advisory Title I Committee, which is the policy-making body for the project.

As mentioned in last year's report, our faculty has begun to develop in-service training experiences as an alternative to the traditional college course approach to teacher recertification. This year we have expanded this area to include a Physical Education workshop conducted throughout the first half of the school year by Associate Professor Karen Hogarth of the U.N.H. Physical Education Department. Miss Hogarth came to our school and worked with our teachers and pupils periodically, and will continue to do so for the remainder of the year. The major result of her activities will be the development of a Physical Education supplement to our Curriculum Guide.

In addition to this experience in Physical Education, a majority of our faculty members attended a recertification course in Rochester, conducted by Dr. Clyde Shepard of Keene State College, which dealt with the topic of Learning Disabilities. I was especially pleased with the interest displayed in this course on the part of our teachers, since the course work supplemented our efforts with the Learning Disability project.

For the remainder of the year, our in-service experiences will concentrate on the area of Behavior Modification and the development of appropriate techniques of teacher self-evaluation which should improve upon our existing methods

of staff evaluation. We will be availing ourselves of services provided by the N.H. State Department of Education in organizing these staff experiences.

I wish to take this opportunity to express my appreciation to the taxpayers, the Public Library Association, the School Board, teachers, and to Mrs. Andrade and Mrs. Brooks for the spirit of cooperation which has been responsible for providing expanded Library opportunities for our pupils. The additional time that the children have had access to the Library has enabled us to provide more varied opportunities for the exceptional child.

School - Home interaction and communication is obviously a most important element if our children are to benefit to a maximum degree from the resources available to them.

In this regard, the faculty is experimenting with the idea of designating several nights after the issuance of report cards for the purpose of parent-teacher conferences. I am hopeful that this approach will enhance the exchange of opinions so essential to providing the best possible set of learning experiences for our children.

In closing, I wish to comment on our current facilities for the first six grades versus immediate future needs. At the present time, we are operating at capacity in the elementary school. We will be facing serious overcrowding in the next two years, which gives added significance to the efforts of the Building Committee.

Finally, I wish to extend my deep appreciation to the parents, teachers, and School Board for the excellent spirit of cooperation which has existed during this past year. Because of this degree of dedication and commitment, our children have been able to take optimum advantage of their educational opportunities.

Sincerely,

Barry L. Clough
Principal

REPORT OF SCHOOL NURSE FOR 1973

The following is a report on activities in my position as school nurse and based on a two day work week. This is done for over 300 students at school plus other activities carried on at home and on the road.

After the winter vacation a year ago we finished the Matching Funds Dental Clinic. Dr. Waldron Haley completed work on 12 children. Mr. James Green and Rev. James Frase transported these students to and from the clinic for all appointments.

Mrs. Bernice Foster of the Strafford County Extension Service conducted a Nutrition Workshop twice a week for three weeks for the 4 - 6 grades.

Five members of the staff were kept busy several afternoons after classes, completing an 8 hour First Aid Course taught by Mrs. Carlene Kallgren, R.N. of Northwood. Certificates were awarded participants.

In April the film "Its Wonderful Being A Girl" was shown to the 5th and 6th grade girls. Several mothers attended the film and discussion period that followed.

The pre-school clinic was held Apr. 16 - 17 and about 40 children had their height and weight recorded, vision and hearing tested. Defects were noted and perents advised to have corrections made before school opened in September. Parents were also made aware of the new State law RSA 200 stating that all children must have a doctor's physical examination and certain immunizations before entering school. Pamphlets were available for parents to pick up on nutrition, sleep, immunizations etc. Miss Gardner, State dental hygenist was also on hand to check the children's teeth and advise parents of needed dental care. New tooth brushes were also given to each child as he left.

In May the staff, kitchen workers, bus drivers and custodian were given Tbc/tests by Miss Constance Martin, R.N. from the N.H. State Lung Association.

Films were ordered and shown to grades 3 - 6 on Smoking. The State Safety Division sent a man to talk to the students on Boating Safety and even brought a boat for demonstration purposes. Inspector Redden of the Dover Police Dept. talked to the students on Bike Safety.

After school ended for summer vacation I attended a School Nurses' Workshop at U.N.H. daily for a week and brought suggestions back which enabled the School Board to bring the School Health Policies and School Nurses duties and responsibilities up to date and put in print according to state standards. A follow-up day was held at U.N.H. in October to see how much had been accomplished in Health Ed. in the schools of N.H. The over-all concensus was that the Workshop had been successful.

When school started again in Sept. a Floride and Cleaning Dental Clinic was set up and Mrs. Barstow and Mrs. Pray, dental hygenists of Dover, treated 154 children, 6 were sponsored by the P.T.A. Mrs. Elaine Barker, volunteer mother, assisted with the paper work and picked up the children from classrooms for treatment.

Height and weight, vision and hearing tests were started and as the equipment is shared by the Strafford School it was decided to alternate the two

machines, due to the inconvenience of traveling back and forth each week so each nurse could use same on her particular work day. This arrangement worked fairly well but testing went very slowly due to increased load of paper work and checking on delayed doctors examinations and immunizations which should have been completed before school entry in September. Over half of the first grade students registered after the pre-school clinic and after school started in Sept. without prior knowledge of the State law.

So that each child could be checked at least once before Christmas vacation, the School Board voted to give me 4 extra days to catch up, but I was able to do what was necessary using only 9 extra hours.

I have sat in on sessions with Miss Davis the Learning Disabilities teacher and also with Mrs. Demers, the Speech Clinician. Seventeen children in grades 1 - 3 had been referred by teachers for evaluation.

We still continue to have periodic outbreaks of pediculosis (head lice). Chicken Pox has also had a run this winter, but all other children's diseases have been kept under control with the compulsory immunizations.

There seems to be a minimum of first-aid needed. Skinned knees take the majority of band-aids and teachers are qualified to handle such accidents in my absence. Each teacher is given a First-aid packet and articles can be replaced as needed.

I appreciate the cooperation of parents, in taking sick or injured children home when called. There is a minor problem in trying to contact parents who fail to give us another number to call when they cannot be reached.

Several students have been referred to the Portsmouth Rehab. Center for possible hearing defects.

I find parents very cooperative and appreciative to any suggestions made by me for the good of their children.

Respectfully,
June V. Colby, School Nurse

PROPOSALS BY THE BARRINGTON BUILDING COMMITTEE FOR GRADES 7 AND 8

1. Use present building as is for grades 1 - 4 (219 - 301 students, 12 rooms, 25/room).

   Use present cafeteria for music and art for both schools.

   Build middle school behind town hall for grades 5 - 8 (246 -333) with 11 classrooms, science lab, shop, home ec., offices, nurse's room, cafeteria and kitchen for both schools.

2. Leave present building as is for grades 1 - 4. Build a new elementary school behind town hall for grades 5 - 8. 12 rooms, cafeteria, kitchen. If on other site, include media center.

3. Consolidate original plan to minimum cost. (1 - 4 in present building, new middle school for 5 - 8 on other site.) Shrink middle school plan to keep within limit - use one room for music and art. Allows for expansion if and when needed.

   Same as No. 1 plus media center and small gym.

4. If can't build behind town hall, remodel present building for grades 6 - 8 (182 - 254) -- 12 rooms including science room, use cafeteria for shop, use kitchen for home ec., build or remodel toilets for girls and boys as required use one room for music and art (one of 12).

   Build new elementary for grades 1 - 5 (280 - 380) -- 15 rooms plus media center, kitchen and cafetorium, offices, nurse's room, etc. (Possible to transport food from new school to remodeled Jr. high -- heat food in the home ec. ovens for hot lunch.)

   Present school on 5¼ acres, -- grades 1 - 6. 335 students.

   Town hall land 9¼ acres. Total land 14½ acres. Could we build a middle school for 246 students there?

1975 BUILDING GOALS

Last March at the Annual School District Meeting an AREA Study Committee was appointed by the Moderator to investigate the possibility of withdrawing from the AREA plan with Rochester. The School Board met with this committee (Fred Timm, Richard Burrows, and Justin Loring) for every meeting and got the legislation passed enabling Barrington to withdraw from the AREA plan if so voted. At the Special School District Meeting on June 4, the Study committee presented its findings, and the district indicated its desire to withdraw from the AREA plan. A Building Committee was appointed to work with the School Board and present to the district in October a study of educational needs for Barrington, including building, sites, curriculum, and operating costs. The committee, Justin Loring, Richard Burrows, Gerard Cossette, and Barry Clough as curriculum advisor, met with the School Board every other Thursday from June through August, then every week until the Special Meeting on October 29. At that meeting, the district voted to withdraw entirely from the AREA plan with Rochester, send its high school students to Rochester under a ten-year tuition contract, and bring grades 7 & 8 home: this to take effect in September, 1975. The proposed Middle School the Joint Building Committee had worked on was judged to be too expensive an undertaking. The committee was instructed to dig deeper into site examination of the three possible sites, and to bring in at least three proposals for educating grades 1 - 8. Janet Ramsdell, George Calef, and Lee Chretian were added to the committee. The School Board and the committee have been meeting every Thursday since.

The School Board developed three proposals based on a Jr. High program for grades 7 and 8, and one based on an elementary education for grades 1 - 8. These proposals were approved by the committee and are included in this report. The Committee has had the three sites tested and examined by the State Water Pollution Control Office in Concord and is waiting for the report. Sketch plans and cost estimates on the four proposals are to be available to the committee on Feb. 14. Costs for both steel and conventional buildings are being gathered. The JBC anticipates a mid-March public hearing at which time the town will choose one of the four proposals presented. This one will then be drafted into a bond issue to be presented at a Special School District Meeting in mid-April.

All the minutes of the meetings are on file at the school in the Principal's office. Unless otherwise stated, these meetings (Thursdays at 7:30) are open to any resident of Barrington, and visitors are always welcome.
